**Presentation of Trophy for Supreme Champion of 1957 Royal Winter Fair
—Won by Moray Jackaroo**

A Regretful Parting

The sale of the family farm, on which my parents exercised ten growing sons and daughters, has made it necessary to disperse the Glenburn herd founded by my late father in 1918. Conversion of the land to a golf course is scheduled to commence about September 15th.

Through the years we have enjoyed meeting breeders from 5 continents, and Glenburn productions have gone to New Zealand, Argentina and Colombia, to most States in the Union, and 9 Canadian provinces.

The ensuing pages show pictures and comments on the records of some of the more prominent animals connected with the herd and the cattle being sold.

It has been our good fortune to exhibit an International grand champion bull, two International grand champion females, and an International reserve grand champion steer, as well as breeding the sires of an International grand champion bull and an International grand champion group of three steers. The New Zealand Royal grand champion, Glenburn Resource, and the 7 times winner of the Meat and Wool Cup for the supreme champion over all breeds in New Zealand, Glenburn Mandarin, were other sources of pride.

At the Canadian National Exhibition, we have shown or bred the grand champion bull on 9 occasions, the reserve grand on 7, the grand champion female twice, and three grand champion steers.

My wife, Grace, sons Gordon and Ross, daughter Marilyn, and many loyal employees have shared in our Shorthorn activities. Our interest will continue, and we sincerely hope that the cattle will do well for their new owners. Come to Glenburn Saturday, Sept. 28th. Attend the Aberfeldy-Etrick-Scotsdale sale on Monday, September 30th.

GUARANTEE — Despite the fact that this is a dispersion, all cattle are being sold under the standard guarantee.

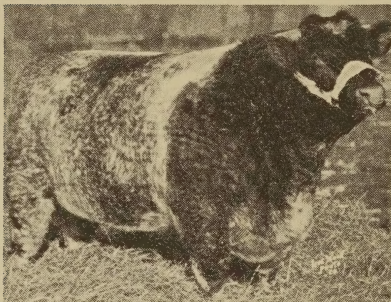

1. Proper care should be given by purchaser to protect breeding qualities and health of animals. Any cattle in this sale that are fitted for exhibition purposes by their new owners are excluded from the following guarantee.

2. All bulls are guaranteed breeders. If bull when sold is 14 months of age or over and fails to breed, he must be reported within 6 months. If under 14 months of age when sold and fails to be a breeder, he must be reported by the time he attains the age of 20 months. A bull shall not be allowed to serve when under 14 months of age or be allowed to run with the herd when under 20 months of age.

3. Cows sold with calves by side are considered proven breeders. All other cows and heifers sold as a single lot are guaranteed breeders, except calves sold by side of dam as one lot and heifers under sixteen months of age at time of sale. Heifers shall not be served for first calf by heavy or old bull. Cows and heifers over three months gone in calf, according to service date furnished at time of sale, but not proving in calf, must be reported to seller within three months from date of sale; all others served within three months of date of sale not proving in calf or not settled must be reported within six months. Heifers not settled when twenty-two months of age shall be promptly reported. Heifers over sixteen months of age sold open, not settling within six months of date of sale, shall be promptly reported.

4. Any animal not proving up to foregoing guarantee shall be replaced with another of equal value at time of purchase to the satisfaction of the purchaser, or the purchase price will be refunded at the seller's option, but the seller may, if he desires, have the animal returned for retrial for a period not to exceed six months. The expense of return freight in such case is to be paid by the seller. If the animal is proved to be a breeder beyond doubt, it shall be returned to the purchaser at his expense. In case the animal proves to be not a breeder, then the purchaser shall be given the option of having purchase price refunded without interest or of accepting a substitute as stipulated above. Salvage to go to the seller. No charge for feed or maintenance shall be made by either buyer or seller.

5. A certificate of registry in the Canadian Shorthorn Herd Book will be furnished with each animal. Any animal in this sale can be registered in the American Shorthorn Breeders' Herd Book.
